An Established Series

IEA GHG members have supported 12 workshops from 2000-2009 and now the conference series

PCCC1 – Abu Dhabi – 2011

PCCC2 – Bergen – 2013

And NEXT???

What did we cover at PCCC2?

Keynotes from ***Dr Paul Feron and Dr Paitoon Tontiwachwuthikul***

9 Technical Sessions over ***50 presentations*** and a ***Poster session*** with ***almost 30 presentations*** dealing with every ***aspect from basic laboratory research to commercial considerations***

“Milestone Mongstad” Anniversary Event
By TCM and Gassnova

Who Attended PCCC2?

- **148** *Registered attendees*
- **49** *were from Norway*
- **44** *were from other EU countries*
- **55** *were from outside EU countries (19 from USA) and so travelled long haul to get here – a special thanks for your time and effort*

Thanks to our Sponsors

IEAGHG is a not for profit organisation so sponsors are an important part of the organisation. So we should appreciate:

CLIMIT

SHELL – CANSOLV

YANCHANG PETROLEUM

DO WE DO IT AGAIN in 2015?

FACTORS

- 12 workshops, 2 conferences – timed out?
- GHGT series in 2014, 2016 etc with many PCCC sessions so biannual opportunity
- Several others in the market now
- Good forum for academic presentations
- Global reach (20 countries here for PCCC2)
- Tentative suggestion for location in 2015

Voting by show of hands (1)

Ultimate decision by IEAGHG members

Who would like to see a repeat in 2015?

Yes/No/Don't feel strongly

Voting by show of hands (2)

Unlikely to be in Europe; traditionally N
America's turn

But is it time to take it to Asia?

Yes/No/Don't feel strongly

**Enjoy the TCM Mongstad visit
Tomorrow**

Thank you all for coming
